

Belly detail simple

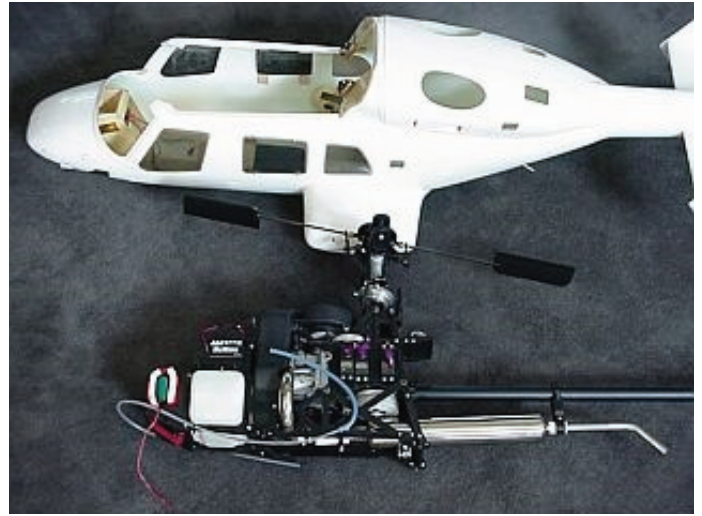

Just a cool angle....

Here is the door ready for low profile hinge.

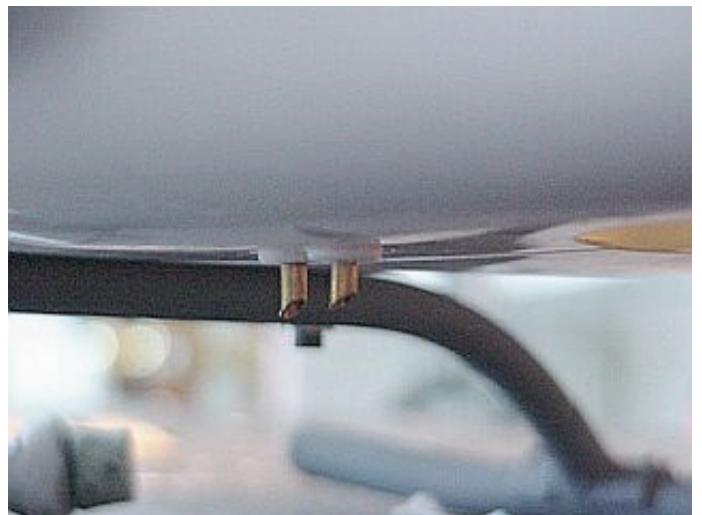

Hinge added , hole will be filled . This allows plenty of room for starting . Side screens and dome opening supply cooling air .

Pegae adaptor in clear view... yet to add latch for door. The mechs ready to go in all in one piece.

They just slide right in!

Simulated fuel vents.

Graupner USA

Innovation in modeling

More detail, radar ant. skeg antennas, nav- lights.
